Welcome Message

The Schweißtechnische Zentralanstalt (SZA), Austrians Responsible Member Society of IIW and Authorized National Body invites everyone who's interested in the wide field of welding and joining to take part at the International Congress on Welding and Joining JOIN-EX.

Leading scientists, engineers, technicians and professionals of welding and joining will get together for a prestigious professional meeting.

In 2010 another highlight is the 80th anniversary year of SZA as the leading Institute for Welding and Joining in Austria. So it is our great pleasure to invite all participants of the Congress to celebrate this exciting event with us.

Important Deadlines

Abstract Submission:	1st March 2010
Notification of Abstract Acceptance:	15th April 2010
Full Paper Submission:	30th June 2010
Deadline for Early Bird Registration:	15th August 2010
Congress date:	14th and 15th October 2010
Anniversary Celebration:	14th October 2010 (congress evening)

Main Themes

- **ADVANCED WELDING AND JOINING TECHNOLOGIES**
- **WELDING AND JOINING TECHNOLOGIES FOR FUTURE DEVELOPMENT**
- **AUTOMATION, ROBOTICS AND SENSING SYSTEMS**
- **ADVANCED MATERIALS AND THEIR BEHAVIOUR DURING JOINING**
- **TESTING AND MEASUREMENT METHODS**
- **EDUCATION, TRAINING AND JOB FUNCTION RESPONSIBILITY OF WELDERS AND WELDING COORDINATION PERSONNEL**
- **QUALIFICATION AND CERTIFICATION**
- **HEALTH, SAFETY AND ENVIRONMENT**
- **STEEL CONSTRUCTION**
- **PIPELINE CONSTRUCTION**

Authors are invited to submit abstracts on the themes mentioned above in English or German. The paper shall demonstrate a concise summary of the aims, content and conclusions in about 250 words. The Program committee will evaluate the received abstracts and make a selection of the contributions to be presented at the Congress. A Poster Section will concurrently take place.

Vienna, Austria

Vienna is located in the very heart of Europe and is a very green city – about half of the city is covered by forests, grassland, parks and gardens.

Vienna's historic city centre ranks among the most beautiful historical cities in Europe. Numerous churches, palaces and parks contribute to the imperial flair of Vienna's Old Town. On the other hand, Viennese Art Nouveau (Jugendstil) has also brought forth unique places of interest. This mix of old and new, tradition and modernity is what gives Vienna its extra special flair.

Vienna is a paradise for art lovers. Over 120 museums and collections are open to the public, showcasing works of the highest calibre.

Vienna is also renowned as the world's capital of music. It has been home to "Waltz King" Johann Strauss, "Prince of Song" Franz Schubert, Haydn, Beethoven, Brahms, not to mention Wolfgang Amadeus Mozart. Enjoy an unrivalled selection of music – from opera and operettas to concerts and musicals – in Vienna, music is literally in the air!

The Venue

The International Congress on Welding and Joining JOIN-EX will take part at the Congress Center of Messe Wien the biggest exhibition centre of Austria. At the same time Austria's largest industrial trade fair >vienna-tec< will take place there. The fair offers trade visitors from the industry and the producing industry six internationally renowned trade fairs under one roof [->automation austria<, >energy-tec<, >ie industrieelektronik (industrial electronics)<-, >inter-tool<-, >Messtechnik (metrology)<- and >Schweißen/Join-Ex (welding)<-]. Of course all participants of the JOIN-EX Congress have free entrance to the fair to enjoy the current solutions, products, systems, programmes and services that will be presented by more than 700 exhibitors from 25 countries.

Language

The official languages at the Congress will be German and English.
